## WE NOMINATE

Robert Day Allen, 34-year old Princeton University biologist, who in winter just past—to the impressment of scientist and layman alike—has effectively demonstrated that basic research, however widely divorced it might seem to be from the demands of every-day life, is closely linked with the “new frontiers” of knowledge. It was a month ago, in culmination of some eight years of work in this country and in European laboratories, that Allen caught the press’s attention with the announcement that biology textbooks, on both the college and school levels, have long been wrong about “one of the basic motions in nature.”

The object of Allen’s attention, starting with a minor mishap in 1954 in a Stockholm (Sweden) laboratory, has been the commonplace, if not ubiquitous, amoeba, the one-celled animal sketched so frequently (and often with despair) by generations of biology students. Allen’s researches, in which he has been assisted by both undergraduate and graduate students, show that science has been in error on the amoeba, that amoeboid movement—a matter of far-reaching import in cancer research—is the reverse of the processes traditionally associated with the shifling, or “flow,” of protoplasm inside cells.

Classical theory held that the amoeba, so easily capable of dividing itself into two organisms, propelled itself by a sort of “toothpaste action” from rear to front. It is Allen’s supportable contention that the amoeba “pulls itself ahead by its bootstraps” much like a tractor on endlessly moving treads. The significance of the discovery lies in the fact that such cellular motion is the method by which “scavenger white cells in the human circulatory system move to engulf bacteria and debris” and the way in which cells forming new tissue,

and embryonic cells, move into position in the human bloodstream.

The Rhode Island-born Allen, a member of the Class of 1919 at Brown and the recipient of his doctoral degree at the University of Pennsylvania four years later, initiated his recently announced researches as a post-doctoral fellow in Sweden’s National Cancer Institute. A broken glass capillary tube, containing an amoeba in water, gave him an opportunity to observe that, even after the amoeba’s membrane has been broken, its watery substance (cytoplasm) continued to move much as it had under the pressure created by its intact cell. This chance reading led directly to his intensive and continuing investigations in this country and last year in Japan.

To Allen, whose wife is one of the Princeton Area’s gifted teachers of science, belongs the distinction of organizing a major project for the National Institutes of Health, a five-year grant of \$142,350 enabling Allen and his associates to carry forward research into the “mechanism of cell movement and protoplasmic streaming.” Based here in the George F. Mollett Biology Laboratory, Allen, a Princetonian since 1957, and his associates are now using highly specialized instrumentation facilities, including newly developed microscopes, to investigate basic life processes which are thought to be related but are still in the year 1962 only partially understood.

For throwing new light on what has been called “one of the greatest challenges in biological research”; for relating the unending search for new knowledge to the teaching process; for personifying the devotion of the research scientist who in the protective quiet of his laboratory works for the common weal; he is TOWN TOPICS’ nominee as

### DOGS LOSE

Total Restraint Wins. The dogs of Princeton will be totally restrained. But not immediately.

After a three-hour hearing Monday night, attended by approximately 135 residents who sat, perched or stood in the crowded room, Township Committee voted down, 4-1, the moderate dog-control ordinance. Thomas P. Cook was the "nay."

Then Committee named a "task force," headed by Committeeman John S. Mount, who has been for total restraint all along, to confer with attorney Gordon Griffin on preparation of a total restraint ordinance. Other members of the task force will be Police Chief James Campbell, Jr., Administrator Joseph Nini and Mr. Griffin.

Fence Them In! Until Monday night's vocal, and some-

times passionate, public hearing, only Mr. Mount had been pro-total restraint. But the accounts of near-blinded children, dog packs roaming playground and street, strewn garbage infested with rats; dogs at large in the incinerator where they might encounter rabid rats, seemed to change the minds of all but Mr. Cook—and Mr. Mount.

The audience was, according to the estimate of one of its members, about 85 percent pro-total restraint; in fact, T. B. Fisher, Snowden Lane, at one point commented: "Here's what, an organized minority can do."

Committee now faces another public hearing, once the total restraint ordinance has been prepared, in which 85 percent of the audience might well be anti-total restraint.

Before the hearing, Mr. Nini read a petition in favor of

total restraint signed by 561 residents and another favoring the milder ordinance signed by 231. In addition, he said, there were 24 communications: 13 favoring totally; 9 moderate control and two suggesting no change at all. There had also been, some months ago, a petition asking for a referendum, signed by 156.

Bite Protection? "I've been bitten by a dog," announced Nicholas Turitzin, 102 Dempsey "How will this ordinance keep another dog from biting me?"

The trouble with this ordinance is that it doesn't go into effect until AFTER the bite," commented Conrad Schweitzer, 269 Shady Brook. "In the area where I live, there are packs of three to five dogs each, and I don't see how this ordinance can protect my property from them."

Repeatedly, in the course of the hearing, complaints about "packs" came from residents in the Shady Brook-Marion Road-Littlebrook area. Dogs have known to roam the Little Brook and Riverside School playgrounds as well, and one articulate resident of Riverside Drive, Mrs. Norman Aronson, said that a dog had even invaded her house.

Replying to stories of dog

CATCH ME FIRST! "You can't do this to me," might well be the lament of Princeton's dogs now that they know Township Committee has decided to restrain them totally. But, as somebody once said, "First, you've got to catch the dog" (Staff Photo)

packs on school grounds, Mr. Fisher said, "Why not fence the schools?"

This drew laughter, particularly from Dr. John McKenna, superintendent of schools.

No Fences. "I am here as superintendent and as a resident," Dr. McKenna said. "Dog packs are a major school danger, not only on the playground, but on sidewalks leading to schools. Dogs menace bike riders, they snatch lunches from walkers and they frighten very young children—fences wouldn't do the trick." Dr. McKenna, who lives at 12 Randall Road, said that he refused to let his dog out any more because of the other dogs that roamed the neighborhood, and he said he no longer takes walks at night because packs of dogs, sometimes 10 to a pack, are a menace.

One of the most eloquent "total" pleaders was Leonard Weisberg, 960 Princeton Pike, whose young child had been so severely bitten about the eye that 29 stitches were required to close the wound. "This happened on my property," Mr. Weisberg said, "and—Continued on Page 4"

In order to be able to better grasp the meaning and portent of events, especially concerning the free world, it is perhaps wiser for Americans to look more at feathers to see the way the winds blow, than telegraph poles.

It will not be lost on the people of the United States and Canada that the same front-page news heralding the signing of a cease-fire between France and the FLN, also carried the startling story in the New York Herald Tribune that Castro, in his plan to export communism to other Latin American nations, has now imported seventy-six FLN rebels "to train Cuban terrorists and saboteurs."

What, then, are we in the Western Hemisphere to expect from a FLN

brand Algeria? Will we gaze at telegraph poles naively hoping that Algeria will remain, as under France, a part of the free world, in spite of this brazen demonstration in Cuba of militant communist kinship?

Will the American people soon be asked to pour their dollars into Algeria, in the form of aid, or will Washington remember these "feathers" in today's ominous winds: that six hours after the cease-fire agreement, the Russian government gave de jure recognition of the Algerian Provisional Government headquartered in Tunisia; that Mr. Ben-youssef Ben Khedda, the FLN head, has already announced that Algeria will become neutral if his FLN suc-

ceeds in taking over the government? Up to now Algeria represented the southern flank for the NATO nations of the free world, a flank that is now threatened. Will we remember that Algerian rebels continue to train Cubans to act as terrorists and saboteurs in other Latin American nations?

How often have the long-suffering French people warned us of the dangers ahead for the free world in an Africa seduced by the Soviet bloc. Since it is now our own Hemisphere that is threatened, we urge the reading of the following article reproduced from page one of the New York Herald Tribune of Monday, March 19th.

## Castro Imports Algerian Rebels to Train Cuban Terrorists and SABOTEURS

HAVANA — Despite his tottering economy and hungry followers, there are signs that Premier Fidel Castro is already thinking of exporting his revolution to other Latin-American countries.

To train Cuban terrorists and saboteurs for this work, he has brought in seventy-six Algerian veteran rebels of the FLN.

They arrived in Havana Feb. 10 on the Cuban freighter Behia de Nipe from Casablanca. With them were twenty children whose parents had died in the bitter seven-year struggle in Algeria.

Their leader is tall, deep-chested, dark-skinned Omar Haraigue. All of them had been wounded in the fighting, some in Algeria, others in France. Eight of them have lost limbs.

Haraigue, who led a cell of terrorists inside France, made this little speech to his hosts:

"The Algerian people who are engaged in a great struggle know better than any one *what the imperialists and their lackeys are capable of. Therefore the liberation of the Cuban people in 1959 was received with great joy by us.*"

With that off his chest, Haraigue and his cohorts have settled themselves comfortably into the once-plush, but now decrepit, Hotel Riviera in Havana, for a few weeks of whooping it up before going to the terrorists' training camps in the Sierra Maestras, Castro's old stamping ground.

After denials that the Algerians were

even on the island, the Exterior Relations Ministry eventually admitted they were in Cuba only to rest and recuperate from their wounds.

Algeria, according to Haraigue, will soon follow Cuba's bloody path of tyranny and repression: "We Algerians," he says, "will also start a social revolution when we achieve our liberation."

The twenty children, all well-coached to chant "Viva Fidel" at the twinkling of a beard, have become wards of the Cuban government. They were placed in an orphanage at Santa Maria, east of Havana.

Two factors point directly to Havana now being Moscow's front line spy echelon in the Western Hemisphere:

The Russian Ambassador is Sergei Koudivriatzev, who was First Secretary at the Soviet Embassy in Ottawa when cypher clerk Igor Gouzenko defected and blew the lid on Moscow's audacious attempt to establish a series of spy rings in North America in 1945. Ambassador Koudivriatzev was revealed as the mastermind behind that plot, operating under the code name of "Leon."

The second factor is that Henning Sorensen, a Danish-born naturalized Canadian and a Spanish civil war veteran who was accused in the Gouzenko documents of selling allied naval secrets to the Russians while he was serving as an intelligence officer in the Royal Canadian Navy, is also in Havana now.

Sorensen, 60, white haired, a self-

confessed Marxist and a voluntary member of Castro's Red-bossed militia, is a senior translator in Cuba's propaganda department in the Ministry of Exterior Relations.

Ten months ago he threw up his job peddling insurance in Vancouver and headed for Havana.

Every block of buildings in Havana has its spy, employed and paid \$160 a month to keep a dossier on every person in the block area. Everything, suspicious or otherwise, has to be recorded, and periodically the block spies are checked over by the G-Two secret police.

Pressure is exerted on everyone working for the government to join the militia. But being a militiaman in this sun-drenched communist utopia costs plenty — the blue flannel shirt costs him \$5, the jungle green fatigue pants \$10, Czech-made cowboy boots \$16, and a pistol (which every militiaman is entitled to carry, and most do with alarming carelessness) runs anything from \$80 to \$150 depending on type, vintage and condition.

Would-be "guzanos" (worms — which the Castroites label those wanting to leave the island) also told me of raids by secret police on their homes after they had applied for a passport (but long before they get their exit permit to actually leave) to take a complete inventory of the home, its contents and vehicles.

Those who leave the island have to hand everything over to the government. They are not allowed to sell anything in the six months preceding their departure.

the ordinance now before you would not have prevented it if you wait until child loses an eye to have total restraint of dogs?

**The Other Side.** Mayor Fairman said he couldn't see a total ordinance in 1962 because of cost, and he urged a moderate plan first, with a total one to follow. He suggested that total restraint might mean a 1-1/2 point tax rise to provide for confining animals and disposing of them.

Mrs. David T. Harjes, Assessor, said she suggested that Committee investigate the cost of total restraint, which both Lawrence and Montgomery Township, now have Mayor Fairman said Committee would do this.

**Come Again.** Following the hearing, a dozen or so who had come, remained out of curiosity to find out whether Committee would act on the ordinance or table it, and to see what else might be on the agenda.

Mr. Elmer Greer raised the question of sewers see story Topics of the Town, and after listening to the discussion of

the problem between Mr. Greer and Mayor Fairman. Greer said, "I'll bet Township Committee wishes people would get as excited about sewers and zoning and taxes as they do about dogs. I came here only for the dog hearing, but I should have come to a meeting long before this, and I plan to again."

### ROUND-UP

Tom O'Kane of 135 Spruce Street, bitten by a dog for which police were looking last week, won't need those rabies shots... publicity given the case resulted in identification of the dog, which proved to have had his rabies shots.

Another 12-year old, Karen Wright, 40 Murray Place, was bitten by a dog owned by Mrs. Pat Kahny of Aiken Avenue... the dog will be confined for ten days. Anthony Santucci, 27, of 140 Spruce Street, was bitten on the right thigh by an English setter owned by Senator Irish, 129 McCosh Circle... and a deer was killed on State Road 206 near Township Hall when struck by an automobile driven by Mrs. Jonathan Morey of Mountain Avenue.

The accident last fall at Nassau and Harrison involving an automobile and a fire engine of the Hook and Ladder Co. resulted in requests for safety measures from both the Bureau of Motor Vehicle Safety and the Fire Department... as a result, a switch will be installed in the fire house on North Harrison Street which will turn the traffic signal red on three sides, giving engines answering an alarm a green light.

The newest municipal parking yard is now in operation on the site of the old Lamp-lighter restaurant between Witherspoon and Nassau... 20 metered spaces, two-hour limit, are available... cars leaving must turn right only on Witherspoon.

Traditional season of unrest among the adolescent, spring has also brought a wave of petty vandalism in Princeton Township... mailboxes uprooted, name plates destroyed on Mountain Avenue, Pardee Road, The Great Road... windows broken in Johnson Park School and the new Medical Arts building at Princeton Hospital.

He said, "Now, and there is a shortage of skilled men in all of the trades... a good man is practically guaranteed a secure career, with earnings frequently higher than the averages of college men. Not only that, but about 80% of all independent businessmen who own fine businesses in the electrical, plumbing and building trades, started out as apprentices. ## News Of The THEATRES

### A LIVELY "MERCHANT"

On McCarter Stage: "It is wise father that knows his own child," and it will be a wise theatregoer who sees "The Merchant of Venice" this Thursday, Friday or Saturday at McCarter. Unlike the "sawdust" Gobbo, he will recognize neither a topknot nor a definitive production, but one that adds great life and joy to the theatre and Shakespeare.

Despite an occasional lapse in smoothness, the cast under Douglas Seale's cohesive direction, turns in a collectively delightful and, above all, lively performance. William Roberts sets the scene beautifully with its intriguing embellishments to the scaffold stage and smashing costumes in dazzling Venetian colors.

Good Trial Scene. Portia, played by Christine Pickles, becomes a broad rather than subtle part, somewhat lacking in the necessary dignity, but nevertheless charming and completely sympathetic. She is cool and a shade arch in the early scenes, and then turns into a convincing doctor for the trial her "quality of mercy" loses some of its punch in underplaying.

In the trial, no dramatic device is omitted: Portia stalks the stage and enunciates her lines in clipped tones; Shylock, superbly portrayed by David Byrd, drips venom and pathos with perfect control; and Antonio and Bassanio (Ramon Bieri and Jon Cyprien) come to quaking life. The conflict, splashed on the stage in vivid and exciting color, overcomes a drab Duke (Arthur Lithgow) and fussy gesturing on the part of Portia.

Wide-Eyed Uncertainty. Mr. Cyprien's Bassanio is self-conscious on occasion, which brings to the play as a whole a certain naivete and innocence. Somewhat at odds with the attitude prevails with the characterizations of Antonio, Gratiano (Alan Mixon), Lorenzo (Tom Sawyer) and Jessica (Carol Teitel). Mr. Bieri does well by Antonio despite the flatness inherent in the role, whereas Mr. Mixon's Gratiano is a cardboard part.

With Mr. Sawyer and Miss Teitel, the beauty of Shakespeare's language comes across consistently, and Mr. Sawyer is particularly successful with his discourse on moonlight and music in a clear scene. Elsewhere, declarations of true love ring out sweetly, and Christian and Jew denounce each other in proper tones. Only occasionally is the dialogue marred by inaudibility.

Shylock on Top. McCarter has found the perfect Shylock in Mr. Byrd who claims the role with authority and distinction. He is a man played by Christian tormentors and his own evil nature, a human being in a predictable predicament.

He is evil and pathetic in his desire for revenge; his aversion to the way of life becomes eminently logical. Mr. Byrd brings out all the contrasts in

the character during his short opening scene. He picks his teeth, rolls his red-lined eyes, fawns upon Bassanio and Antonio and drives them magnificently. The "to smell pork" speech is especially good.

Al Corbin, as Tubal, takes the successful Jewish comic relief with a straight face, ornamented by a square beard. His gray face and rusty black garments match Shylock's. Lancelotti Gobbo, portrayed by Charles Herrick, turns an obvious comedy bit into a good fun with his father John (Herrman), and the two make a fine pair.

Another superb comic scene is taken by Portia's suitors, perfect princes, played by Dennis Longwell and Michael Fender. Miss Pickles, amply aided by Jo Wilder as Nerissa, is a fine foil.

The school matinee audience Friday afternoon responded enthusiastically to the production. Shylock was hissed as he slinked onto the stage, roars of laughter greeted Lancelotti and his father; and the course of true love gained both catcalls and applause. Fortified by doughnuts during the two intermissions, the youthful audience followed the trials and tribulations of 16th century Italians for over two hours, and seemed to enjoy them thoroughly.

The production is immeasurably enhanced by beautifully planned staging and additions. Portia discusses her suitors with Nerissa at a picnic; the choosing of the caskets almost becomes a dance; Joyce Mekele's music is used ingeniously; and the "extras" are never superfluous. Imagination and care have paid high dividends and what the cast lacks in ease and aplomb is more than made up by the grand total of the play.

### "ANYTHING GOES"

To Be Spring Musical. Auditions held earlier this month produced some exciting talent, and as a result, Milton has decided to stage Cole Porter's hit, "Anything Goes" as the spring musical for the P. & B. Players.

The 1930's musical is scheduled to play April 27 and 28 and again May 11 and 12 in McCarter Theatre under Mr. Lyon's direction.

## "NOAH" TO BE GIVEN

But No 40-Night Run. The cabin of Noah's Ark, said to be the largest prop ever used in a Princeton High School play, will serve as the setting for the three-act fantasy "Noah" which will be given this Friday and Saturday at 8:15 in the school auditorium. Ronald Dale of the shop department and his construction crew built the ark. Arthur Stezin of the art department is responsible for the scenery and Miss Dorothy Gaskell and Mrs. Catherine Avery for the properties. Richard Wood's electrical crew has produced lightning and a rainbow from the new high-school lighting apparatus.

"Noah" is under the direction of Mrs. Linda Smith, assisted by Julia Freeman, student director. John Lithgow will play the title role. Ray Vuglen will be his wife and Elric Enderby, Dennis O'Leary and Geoffrey Bake will portray the three sons, Donald Blumfeld is The Man.

The parts of neighbor girls will be played by Mary Der Libbey, Robin Pittendrig and Melanie Vural. The choruses are Judy Epstein, Michael Marston, Robert Szathmary, Barbara Taft and Linda Ward. Gretchen Ward is the choreographer.

Members of the Property Committee are Barbara Brainer, Ingrid Buck, Pamela Hasenrath and Jane Stutz. Susan Rugg, chairman of the business staff, has announced that tickets, at \$1, may be purchased from high school students or at the box office the nights of the play.

**NOAH EXPLAINS:** John Lithgow, son of Arthur Lithgow, McArter Theatre's resident director, will play the title role of Noah in a three-act fantasy Friday and Saturday in the Princeton High School auditorium. Other members of the cast shown are Ray Vuglen (seated), Noah's wife, Dennis O'Leary, and Elric Enderby (back to camera), Ham and Shem, Noah's sons, and Melanie Vural, a neighbor girl.

## "KING'S MEN" COMING

In Players' Production, "All in the King's Men," the Princeton Community Players' first production of the year, will be offered at Murray Theatre next Wednesday, Thursday, Friday and Saturday under the direction of Edward Earle, who directed the west coast premiere of the Robert Penn Warren play.

The drama relates the rise and fall of a political dictator in the deep south. It began life as an epic poem, then became two plays, one of which

## THE PLAYHOUSE

Lover Come Back March 21-27. "Hollywood (as well as various rock 'n' roll stars) follow the adage: when you've got a winner, don't stop. "Pillow Talk" made a lot of money two years ago. So why not put Back Hudson, Doris Day and Tony Randall in another comedy of the same type. Call it "Lover Come Back." It will also make a lot of money.

That's the philosophy, and it usually doesn't work. However, this time it does. Mainly because the three stars are just plain good comedy tools. For females, there is Hudson and Miss Day's exquisite wardrobe. For males, there is Miss Day as the sweet girl and Edie Adams as the sexy girl. And for everyone there is Randall with his best inferiority complex to date.

Plot is unimportant. It deals with competition between two Madison Avenue advertising agencies. The story moves quickly with lots of laughs, lots of color and lots of horse-play. Comment: son of "Pillow Talk," and just as entertaining.

Light in the Piazza (March 28-31) is a sentimental soap-opera dealing with the tribulations of the mother of a 26-year-old daughter who has the mental and emotional age of a child of 10. The girl falls in love (at the age of 10?) and the mother's decision is whether or not to let her marry.

As is evident, the picture has problems, stemming principally from a fuzzy idea of the main characters and the nature of mental retardation. The mother's own unhappy marriage doesn't help, either. Olivia de Havilland tries hard in a difficult role. Rossano Brazzi plays the father of the boy, who is portrayed by George Hamilton.

The scenery, both Italy and Yvette Mimieux as the daughter, is breathtaking. Producer Arthur Freed has minimized his plot problems by providing some of the most beautiful color photography of famous Italian landmarks ever seen on

To Us

### ANTIQUES ARE HERE

Shown by Wellesley. When the annual Wellesley Club Antique Show opens Tuesday for its three-day stand at Princeton Country Day School, Broadmead, Princeton, collectors will have an opportunity to see the displays of dealers from the entire Delaware Valley area.

Mitholland and Olson, of Princeton, will show to customers a splendid mahogany gaming table from 1740, and an exquisite little tripod table from about the same period. There will also be a long, slim, graceful 18th century wall barometer from these showrooms, a convex wall mirror and several smaller pieces like brass candlesticks and porcelains.

Don Armstrong of the 1807 House, Squankum, unfurls a trumpeting Civil War recruiting poster, which all the Princeton buffs will want to have, and The Bay Shop in Bay Head goes back even farther in time and produces an 1807 tavern table and the fine pewter to put on it.

One of the most impressive pieces to be shown at the Wellesley Auction is an early 17th-century French provincial farm table of fruit-wood and walnut. It is a truly fine example, said by experts to be the equal of one in the Metropolitan.

### No Dropped Stitch!

One dropped stitch during construction would have been fatal to the overall master plan of a bikini now on view—and so will you be, in it—at Stacy's, Lawrence Shopping Center.

This knit garment has a black and white striped bra top and, for economy, two pairs of pants. You wear only one at a time. The other can be used as a sock for baby, though it may be a little small.

One pair is red with a black and white striped belt and the other is black with ditto. \$23.88.

Other bathing suits at Stacy's cover the situation more thoroughly (L.A.Z., Darlene, Rose Marie Reid—old friends, all so don't be skittish about the bikini. But we dare you to try it on.

Collectors in a different field will be just as excited by the Lowestoft which will be brought to the show by Elton Garden of Villanova, one of the country's outstanding collectors of Lowestoft.

From Richard Deelger of Shrewsbury, Wellesley will show a Hepplewhite four-drawer chest, circa 1810 and a large mahogany drop-leaf table from about 1830. This table will seat eight, by the way, in case you choose to buy.

Mr. Doelger will also bring a child's hutch table which would make a useful coffee table, and a cherry serving cupboard, Federal period.

WELLESLEY PRESENTS: Many fine examples of 18th century cabinetry will be on view and for sale at the Wellesley Antique Show, to be held at Princeton Country Day School next Tuesday, Wednesday, Thursday, Mrs. Kor Vuet (left) discusses a few of the items to be shown by Mitholland and Olson with C. E. Olson. (Staff Photo)

which you can use for serving cherries.

Herb Gardens Antiques from Far Hills, owners of that French provincial table we mentioned, will also display a seven-foot meeting house bench, and a particularly noteworthy group of antique lamps.

Among other pieces to look for are a Chippendale drop-leaf table and three bird-cage tilt-top tables; a group of English regency side chairs, a small secretary from the American Empire period, and a group of Currier and Ives prints.

The show will be held Tuesday and Wednesday from noon to 10 p.m. and Thursday from noon to 6.

### WHAT SUITS YOU?

Try Stacy. Even if you wear a size 5, you can be suited this spring at Stacy, the shop in the Lawrence Shopping Center, and in Trenton, too, as you know, where the juniors are treated just like the regular sizes.

On the junior rack, we found a black worsted and silk whose wide, double-breasted little jacket is trimmed at the neckline with a collar of bleached white mink, and a delicious size 5 beige suit with minute, soft fur collar.

Another junior has a cowl collar above a turquoise jacket with flared lines and a cape-like sleeve. An emerald mohair has no collar at all, but does have a new flared skirt and some interesting stitch-work.

On the regular side, we find that size 16 well-capsized in a walking suit with three-quarter coat and straight skirt of beige wool and linen houndstooth, worn with a

sleeveless linen top of warm beige. Suits for juniors at Stacy's begin at \$39.98 and for regular sizes, at \$69.

French designers and craftsmen have made, especially for Stacy, a group of suave satin styles, deeply fringed with fine silk and fashioned from sea-blue, champagne, pale pink, black or white satin, the black and white ones set about with occasional gold knob beads.

There are also square French scarves of silk chiffon, hand-painted with gold feathers, gold leaves and a minute gold border.

French gloves complete the collection, made with a lattice-work design in white kid, or designed in the most classic manner, to reach wrist, elbow or above. Colors are white, black or champagne.

Knit dresses at Stacy are by Kimberly, and include a dusty pink two-piece and a sand knit with tapestry-like all over design in flocking, a cardigan with short sleeves and, everywhere, borders of narrow sand knit.

Warmer weather will bring out a \$17.98 seersucker suit in brown, blue or green, with lapels, straight skirt and no warmth at all. (July is ahead—don't be a dreamer!)

Above any skirt wear Stacy's denim shirt in fine cotton with red stitching, or the polished cotton ablaze with cosmos or the collarless shirt like soft hopsacking, in lemon, emerald or natural.

And if it SHOULD rain, you'll have the black raincoat with ruffles at neck and wrist; yes, we said "ruffles" twice. —Continued on Page 17

## MUSIC In Princeton

### TO USE SYNTHESIZER

Vocal Work. When "Voices Sacrae, Profanae" is presented in Town Hall, New York, this Sunday at 3 by the Princeton Chamber Singers, one of the offerings will be Milton Babbitt's "Vision and Prayer," the only composition yet written for human voice and synthesized accompaniment.

The singer will be Bethany Beardslee, 100 Lodge Road, who is, according to the composer, the only singer who has been able to perform his work.

The accompaniment will come from a tape produced by the RCA Sound Synthesizer, the Mark II, expanded, enlarged and improved from the prototype developed by RCA for use during World War II. To use the synthesizer, a composer must understand binary code, programming and circuitry. It specifies the frequency, intensity and timbral characteristics of the sound component of the electrical through punched tape instruction. The machine produces only what the composer completely specifies. It is not a computer or a composing machine.

"Vision and Prayer" exemplifies some of the vast sound resources which can be tapped only through the synthesizer. In contrast to other electronic compositions where simple wave generators and oscillators have been employed.

The program will also include Malcolm Peyton's Cantata, set to a text by James Joyce and scored for soprano (Miss Beardslee), tenor and seven wind instruments. David Dodd will be the tenor.

The Chamber Singers will conclude with works by Salvatore Martirano, Mozart and Richard Strauss. Tickets for the performance are available at the University Store or at Town Hall.

### MUSICIANS TO GATHER

For Monthly Meeting. Members of the Princeton Music Club will gather next Wednesday at 8:30 for their regular program of music and discussion.

The group will meet at the home of Mr. and Mrs. McKim Norton, 87 Lafayette Road, to hear David Porter, Fadlu Shehadi, Phyllis Rappaport, Vickie Pelto and Rose Plum.

### GLEE CLUB TO SING

In Pennington. "An Evening of Music" with Harry Mulder and his Trenton Male Glee Club will be presented this Saturday at 8:30 in the Central High School auditorium, Pennington, by the Pennington Woman's Club.

Within the Club are two quartets: the Royal-Avers, known for its barbershop singing, and the "Off-Keys," who

sing rock 'n' roll, among other things. Members of the Glee Club are also members of the Mercer County Chorus and have performed in many cities throughout the east.

Tickets are available through club members.

### TO SING IN TRIBUTE

Westminster Choir. The Westminster Choir will sing in memorial tribute to Dimitri Mitropoulos and Bruno Walter in a special concert to be given in New York's Carnegie Hall on Sunday, April 1, at 8:30.

The choir will sing Haydn's "Te Deum" and Schütz's "Selig sind die Toten" as part of the musical tribute to the two great conductors, both of whom had led the Westminster Choir on many occasions in the past.

Later in the spring, on Saturday, May 12, the Choir College will sponsor a Choral Festival of Sacred Music which will be held in the auditorium at Ocean Grove.

Over 2,500 singers from 40 choirs in a four-state area will take part. Last year's festival, held in Palmer Stadium, drew 3,000 singers and an audience of 3,500. This year, Dr. John F. Williamson will again conduct. Alexander McCurdy, head of the organ department at Westminster and at the Curtis Institute, will be guest organist.

### CHOIR TO SING

In Princeton Performance. A concert celebrating the 30th year in Princeton of the Westminster Choir College will be given in McCarter Theatre on April 4 under Warren Martin.

The choir will sing Bach's "Komm, Jesu, Komm," a motet for double chorus, in its original German text. The work is one of six motets written by Bach for use in the church services at Thomas and St. Nicholas in Leipzig.

In addition, the choir will sing two motets by Schütz: "Die Himmel erzählen die Ehre Gottes," "Selig sind die Toten" and "So fahr ich hin zu Jesu Christ."

### THE GARDEN

No Love for Johnnie (March 21-27) follows the English dramatic tradition of "Room at the Top" with a tale of love and politics, sensitively acted by Peter Finch. It is the story of Johnnie Byrne, a member of the House of Commons, who is slighted at having been bypassed as a cabinet choice.

After his frigid wife leaves him, Johnnie joins a left-wing group to oppose the Prime Minister. He falls in love with a model half his age, portrayed appealingly by Mary Peach, and pursues her until she finally rejects him. His wife offers to come back to him, but he learns that her affiliation with the Communist Party is the reason for his failure to achieve his cabinet position.

The story ends without comment, without a real ending almost, as if director Ralph Thomas wished to probe into a man's character at one point in his life and then depart from it just as coldly. A long, passionate love-making scene and some brutally frank dialogue are the added ingredients by which the producer, Betty Box, ensures an "adult" rating. Comment: incisive character analysis.

A View from the Bridge (March 28-April 10) is another international film version of Arthur Miller's stage play, recalling the French filming of "The Crucible" a few years ago. It makes one wonder, in passing, why Hollywood chooses to ignore our American authors of stature and leave their interpretations to the Europeans.

In any event, Miller's story is a brooding drama of a Brooklyn longshoreman who has brought up his wife's niece from a child to a young woman. His paternal feelings toward Catherine have changed into a physical obsession to possess the girl. The picture concerns his action when she falls in love with an immigrant who is illegally in the United States.

Raf Vallone, last seen here in "Two Women," carries the acting load as Eddie Carbone, the longshoreman. He makes Eddie both man and animal, a person to be both loved and despised. In a performance of remarkable depth and character. Carol Lawrence, in her first dramatic role after the Broadway lead in "West Side Story," is also impressive as Catherine.

Miller was attempting to follow Greek tragedy in the construction, character and sustained power of the play. He doesn't achieve his goal completely, but nevertheless leaves a raw, powerful and realistic drama of a man's self-destruction. Director Sidney Lumet has added no trappings to the starkness of the play. Comment: brutal, brooding drama.

the Joint Sewer Operating Committee, and we hope for an eventual master plan on sewers with the Committee and the Borough. We're also going to do all we can to restrict growth in the Township," Mayor Fairman added.

## STATEMENT ISSUED

On "Open Letters." Following receipt of an "open letter" from a former Township Committeeman William Marvel (see page 17) Mayor R. Kenneth Fairman announced Monday night that neither he nor Township Committee would "utilize the letters to the editor" column for the conduct of public business.

Mayor Fairman reminded Township residents that they were free to present questions directly to Committee at any meeting, and he said that, if other "open letters" were forthcoming, Committee would reply to them at the next scheduled public meeting, having notified the writer in advance of the date.

He said that the minutes of such a meeting would constitute the official record both of the letter and the Committee's reply. In regard to Mr. Marvel's questions, Mayor Fairman said that he and Committee would have answered them Monday except for the time-consuming hearing on the dog ordinance.

## SUSPECTS ARRESTED

In Park Place Fire. Six teenagers whose names police have been withholding further investigation have been taken into custody in connection with the fire at 21 Park Place on Sunday, March 11. Chief Peter J. McCrohan said that the youths had admitted starting a gasoline-bell blaze in the vacant house because they knew it was to be razed to permit construction of a municipal parking lot.

Chief McCrohan said that shortly after the fire, a half-filled gasoline can was found near the house, and following intensive questioning by members of the police department, the youths were taken into custody. The charges against them will be malicious mischief and not arson, he said. Conducting the investigation

## THREE INJURED

In Early Morning Accident. Three persons were injured in an accident that occurred shortly after 3 Sunday morning at the intersection of Bayard Lane and Stockton Street. Three cars were involved.

Most seriously injured was Miss Susan Holloway, 25, of Lakeside Apartments, a passenger in one of the cars. She sustained contusions of the right arm, right hip joint, and a possible mild concussion.

She was x-rayed at Princeton Hospital, admitted and released the following day.

Also injured were Mrs. Margaret Jeffries, 297 Moore Street, and Kenneth M. Nicoll, 24, Zion-Wertsville Road, Skillman. Mrs. Jeffries was checked the following afternoon at Princeton Hospital for a sprained neck and back; and Mr. Nicoll for abrasions of the forehead and chin, lacerations of the right ankle and hematoma of the left knee.

The accident happened when Mr. Nicoll, traveling on Stockton, stopped at the intersection of Bayard Lane to wait for a car traveling west on Nassau Street driven by Arthur Ford, 42, Trenton, before turning into Bayard. Police said that Edward Jeffries, 51, 297 Moore Street, traveling behind Mr. Nicoll, struck the rear of his car, pushing it 42 feet forward into the path of Ford's car.

Mr. Jeffries was issued a summons for careless driving.

### MARRIED 57 YEARS

Bortons To Celebrate, Mr. and Mrs. William E. Borton of 7 Maple Avenue, Lawrenceville will celebrate their 57th wedding anniversary this Sunday. Mr. Borton is clerk and treasurer of the Princeton Society of Friends.

Mr. Borton, who was formerly in charge of the machine shop at RCA, retired in 1945. He was associated with RCA at various times for a total of 28 years, beginning in 1903 when the company was manufacturing the Victor talking machine.

Mr. Borton and his wife, the former Mary A. Newbold, were married March 25, 1905, at the 12th Street Meeting House in

Philadelphia. They lived in Moorestown before moving to Lawrenceville in 1942. They have three children, six grandchildren and a great-grandchild.

### BOARD MEETS

Hears School Reports. Following a directive from the state Department of Education, the Township School Board voted Thursday to adopt a civil defense plan which calls for the evacuation of children to their homes in the event of emergency.

In his superintendent's report, Dr. John McKenna notes that 35 percent of the students at Princeton High School come from the Township and that 45.4 percent of students on the honor roll are Township students. Two students are on the school's high honor roll, Dr. McKenna said, and both are from the Township.

The Board adopted a calendar for the 1962-63 school year, beginning with the Thursday after Labor Day, September 6, and ending June 18. The policy of a winter recess will be continued, Dr. McKenna said because the first experiment this year broke the usual cold virus grip on faculty and students.

### LEAGUE MAKES COUNT

Occupi, Brlar, Prati. When members of the League of Women Voters completed their Import Count last week, they found, as they expected, that Princeton homes are full of foreign-made goods.

Forty-nine countries were represented in the count, with England and the Scandinavian countries ranked first. Almost no imports from Iran. Countries were reported, although a Russian blouse, a Czech chair and Hungarian paprika did appear on the lists.

Many of the items were expected: silver and china from England and Scandinavia; cameras from Germany and Japan; linen from Ireland; watches from Switzerland; wools from England.

Others, however, were more surprising. League members reported pea-tons from Germany, pipe briar from North Africa, sardines from Peru and canned octopus from Japan.

Mrs. Martin Schwartz, president of the Princeton League, suggested that the diversity of items points up the clumsiness of the item-by-item method used by the United States in its tariff machinery. The League recommends that the President be given power to make across-the-board tariff cuts.

### CANCER GROUP FORMED

ACS Branch. All residents of Princeton who are interested in forming a branch of the American Cancer Society are invited to attend an organization meeting next Thursday at 8 p.m. in the As-

### Reston to Speak

James Reston, head of the Washington bureau of the New York Times, will speak in the Campus Center auditorium of Princeton Theological Seminary Tuesday night at 7:45. The public is invited.

Mr. Reston has been on the staff of the New York Times since 1939, when he joined the paper's London bureau. In 1947 he was made assistant to the publisher, Arthur Hays Sulzberger.

He won the Pulitzer Prize for his coverage of the Dumbarton Oaks Security Conference in 1944, and won it again for national reporting in 1956. He has been head of the Washington bureau since 1953.

Assembly Room of the First Presbyterian Church.

The meeting is sponsored by a committee led by Harold E. Carter, former campaign chairman for the American Cancer Society in the Princeton area, and including Dr. James B. Hastings, chairman of the Cancer Control Committee at Princeton Hospital. Dr. Thomas H. Jukes, director of biochemistry, American Cyanamid; Donald M. Weissel, pastor of the First Presbyterian Church and Horace W. Moody of the annual giving section, Princeton University Fund.

A film, "Life Story," on cancer of the colon, will be shown and Dr. Hastings will answer questions. The work involved in organizing a Princeton ACS chapter will then be discussed. Such a branch would follow the state or county program with divisions for education, service, publicity, campaigns and professional liaison.

The Cancer Control Committee has been in operation at the hospital since January 1, compiling a registry of all patients who enter the hospital with cancer (about 25 a month) and keeping accurate records of the forms of cancer encountered, the stage of the disease, when it was diagnosed, the methods of treatment and the end results, including survival time.

As an indication of the contributions of the ACS to the Princeton community, the organizing group points out that, in the years from 1947 through 1961, ACS gave the University \$268,978 in endowing funds, grants for current research now being conducted by Dr. Edward C. Taylor and Dr. Lionel Rebbun.

### AID COMMITTEE TO MEET

Will Welcome Guests. The Hospital Aid Committee of Princeton Hospital will meet Thursday at 10 a.m. in the hospital, with guests Mrs. Louise S. McAlinden and Miss Allan Roberts, 65 Leigh Avenue. Mrs. McAlinden, director of the School of Practical Nursing, will speak on "Some Aspects of Training of Practical Nurses."

Mrs. McAlinden will introduce Miss Roberts, a member of the school's fifth class. A graduate of Bethel Union High School, North Carolina, Miss Roberts is the recipient of the Hospital Aid Committee scholarship to the Practical Nursing School, not the Women's Auxiliary scholarship as previously reported.

**GOEHENS ON TRIP**  
To Far East, Dr. Robert F. Goheen, president of Princeton University, left New York Sunday evening to rejoin his wife in Rome and begin a two-month tour of the Far East. Dr. Goheen has received a travel and study grant from the Ford Foundation, and they will be gone until May 4.

The Goheens will first visit Robert College, Istanbul, Turkey, where Dr. Goheen is a trustee. A visit will also be made to his birthplace, Vengurla, India, near Bombay.

The itinerary also includes visits to the University of Madras, Madras Institute of Technology, Southern Languages Book Trust and Loyola College in Madras; the Indian Institute of Technology at Kanpur, the University of the Punjab at Chandigarh, and the University of Delhi, where the Goheens will meet with Indian officials.

A brief stop will be made at Bangkok, after which Dr. and Mrs. Goheen will visit New Asia College, Chung Chi College and the University of Hong Kong in Hong Kong, and Tsinghai University, Tientsin. They will remain in Tokyo for 12 days, then move on to Kyoto. The return trip will be by way of Honolulu.

**TO DISCUSS ZONING**  
At Public Hearing, A public hearing will be held by the West Windsor Township Planning Board on Wednesday, March 28, at 7:30 p.m. in the Township Hall, Dutch Neck.

Under discussion will be a proposed revision in the zoning ordinance whereby an industrial structure may be located within 300 feet from any existing residential structure in any zone. The present ordinance provides for a 500-foot space.

**FOR STORY TIME:**  
For Pre-School Children, Story sessions for pre-school aged children will be given by the children's department of the Princeton Public Library from 10:30 to 11 on Tuesday mornings for the next seven weeks. Parents are requested to remain in the Library, although they need not attend the session.

Story sessions for school-age children will be held Wednesday afternoon from 3:30 to 4. All the meetings will be held in the Children's Department of the Library.

**WINS SCHOLARSHIP**  
For Study in Rome, Mrs. Sigurd T. Peterson, 234 Jefferson Road, has been named the 1962 recipient of the New Jersey Classical Association Rome Scholarship for summer study at the American Academy in Rome.

A graduate of Douglass College and a member of Phi Beta Kappa, Mrs. Peterson holds an MA in English from Oberlin and has done graduate work at Rutgers University and Lausanne University in Switzerland. More recently, she did graduate work at Western Maryland College, the University of Colorado and Trinity College.

Currently, Mrs. Peterson is a teacher in the Latin Department of Princeton High School. She is the widow of Sigurd T. Peterson who founded the Princeton firm of S. T. Peterson & Company, Contractors and Builders. She has four children.

**VALLEY ROAD WINS**  
For Publications, Mrs. J. M. Hunter, 33 William Street, adviser to the Valley Road School publications, "The Inkspot" and "The Challenger," has received the Gold Key and Certificate of Award from the Columbia Scholastic Press Association.

The Association presents a limited number of these awards each year to advisors whose publications have been successful in the annual competitions sponsored by the organization.

As advisor to "The Inkspot," school newspaper, she has entered the publication six times in the Association's competition.

THE BEST NUMBER for classified advertising is WA 4-2200.

## Obituaries

Dr. Frederick S. Dunn, 68, of Princeton - Lawrenceville Road, died March 17 in the University of Pennsylvania Hospital. Dr. Dunn had lived in Princeton since 1951 when he began ten years of teaching at Princeton University.

Born in New York City, Dr. Dunn graduated from Princeton in 1914, and received his law degree from New York University in 1917. He served in the Army during World War I and later practiced law in Washington. For six years, until 1935, he was executive secretary of the Walter H. Page

School of International Relations at Johns Hopkins University.

Dr. Dunn was professor of international relations at Yale University and director of the Yale Institute of International Studies from 1935 until 1951. He then returned to Princeton to hold the Albert G. Milbank Chair in public and international affairs. He retired as director of the Center of International Studies last summer.

Chairman of the board of Editors of World Politics, Dr. Dunn was also a trustee of the Carnegie Endowment for international peace and a consultant in the Rand Corporation. He was the author of several books dealing with international relations.

Surviving are his widow, the former Marie Willard; daughter, Mrs. Mark Morford of Brighton, England; two sons, Daniel, William III, of Bethesda, Md. and Mrs. Mary Reale Munford, of Baltimore, Md.; and a brother, Alan Dunn, of New York City.

The funeral was held in Bedford, N. H., under arrangement of the Kimble Funeral Home.

The Rev. Dr. Lester H. Clee, 73, of 61 Littlebrook Road, died of cancer March 15 in Princeton Hospital. A Princeton resident for the past ten years, Dr. Clee, who narrowly missed being elected governor of New Jersey in 1937, was interim pastor of the Second Presbyterian Church for two years, until last summer. A memorial service will be held Saturday at 4 in the church sanctuary.

Dr. Clee served as pastor of the Second Presbyterian Church in Newark for 25 years. Born in Thompsonville, Conn., he received his primary and high school education there and in Worcester, Mass. In 1934, Dr. Clee was elected to the Assembly in his first bid for public office.

Running on the Clean Government Republican ticket in Essex County, he made the party a power in politics. He first beat the GOP organization in Essex County, then went on to give battle to Democratic chieftain Frank Hague.

In 1935, Dr. Clee, who maintained his ministerial duties while in politics, won the county's state Senate election. Two years later he defeated former Governor Harold G. Hoffman's candidate in the Republican primary election by 63,000 votes, to win the nomination for governor.

The short but bitter gubernatorial campaign ended with the Hague candidate, A. Harry Moore, winning a successful third term by a margin of 45,266 votes, including a plurality of 129,237 in his home county, Hudson County. Dr. Clee charged that the election had been fraudulent, but the

accusation was not investigated by the Senate.

During his legislative career, Dr. Clee retained his pastoral role, fought for economic government, sponsored election revision legislation, tangled with Hoffman and opposed legislation authorizing part-military betting on horse races in New Jersey, which later became law.

Surviving are his widow, the former Madeline Dreier, of Newark, his former secretary, and a son by his first marriage, Gilbert H. Clee, of Mount Kisco, N. Y. Dr. Clee married his first wife, the former Katharine Steele, of Worcester, Mass., in 1911. She died in 1935, and he remarried in 1935.

The funeral was held in the Second Presbyterian Church of Newark, with Dr. Theodore A. Rath, president of Bloomfield College and Seminary, and Dr. Frederick Schweitzer, president emeritus, conducting the service. Interment was in Hanover Township.

Mrs. Claire Levine, 68, 93 Woodside Lane, died March 16 in Deborah Hospital. Browns Mills. Born in Austria, she came to this country at the age of 13 months and had made her home in Princeton for 24 years.

With her husband, Benjamin B. Levine, she was the owner of Claridge Wine and Liquor, an establishment which she started when she first came here.

Until the last few years, when illness curtailed her activities to some extent, she participated in Princeton Democratic politics, and even though she was confined by ill health, she maintained a keen interest in community affairs.

Mrs. Levine is survived by her husband; a son, Leonard of New York; a daughter, Mrs. Jeanne Kramer of East Meadow, Long Island; and two grandchildren.

A service was held in the Riverside Memorial Chapel, New York, with burial in Mt. Hebron Cemetery, Long Island.

James A. McCarthy, 78, of 5 Madison Avenue died March 20 at home. He had retired in 1933 after 20 years in business for himself as a contractor. Husband of the late Helen Phillips McCarthy, he is survived by two sons.

WHO IS FAIREST OF THEM ALL? In the absence of any magic mirror, Miss Mary Lou Dallenbach (left) and Miss Rita Thompson say working girls stay younger and more attractive than do housewives. (Staff Photo)

### Question of the Week

**Question:** In your opinion do working girls stay younger and more attractive than housewives?

**Where Asked:** Palmer Square.  
Miss Mary Anne Bonham, 288 Mt. Lucas Road, receptionist for Dr. Pickering: I would say so, yes. When you're working, you have to be more presentable at all times, whereas the housewife, working at home, doesn't have to meet the public or new people as much.

Matthew Maxwell, Grover's Mill, foreman, plumbing and heating, Princeton University: Yes, but only up to a certain age. When working girls hit the 40's, they start to show the strain in their age. A married woman will last longer.

Mrs. Henry Bar, River Edge, Director of Volunteer Services for New Jersey Society for Crippled Children and Adults: Yes, definitely. They have more of a challenge to keep themselves well-groomed. As a working girl myself, I know this from first-hand experience. At home, housewives have a tendency to relax and let themselves go. The truth is they get bored.

John Kirk, Little Hall Princeton University senior: I'd say it was probably a toss-up six of one, half a dozen of the other.

Mrs. Franklin Steele, 15 Mason Drive, housewife: Soon to have her sixth baby in seven years! Naturally, a housewife doing her cleaning is not going to look as attractive as a woman sitting behind a desk. But on the other hand, I feel most girls who marry and have children remain more attractive over the long run. I'm all in favor of motherhood. I think large families are wonderful. Housewives don't spend as much money on clothes or as much time making themselves up as working girls do.

Edward Bartholomew, Princeton Inn, cashier: Yes, in my opinion, they do. I suppose it is required in business that they keep attractive and I guess they are more conscious of the pressure to keep well-groomed in order to keep their jobs.

Miss Rita Thompson, N. Main Street, Hightstown nurse, Princeton Hospital: Single working girls definitely do single girls who must depend on themselves for their sole support have to keep themselves well-groomed and in tip-top shape. Married girls usually work because they need the money. They can't afford to let themselves go. They are too busy doing two jobs at once.

Miss Mary Lou Dallenbach, Cranbury, secretary: Yes, The main reason I think working girls look better is competition. Competition in obtaining a job and competition in keeping it. Also, if they are looking for a husband, they have to look attractive and presentable at all times. The housewife, of course, has to pay more attention to her children and her-

work around the house than she does on her appearance. At least she should.

Albert Davis, Plainsboro, superintendent, Princeton Water Company: No, they don't. All you have to do is walk the street and see for yourself. Housewives are much neater and more attractive looking, in my opinion. The younger generation today doesn't care what they wear or how they wear it. All you have to do is watch them come out of their office buildings; their hair is piled up on their heads, their dress is garish. Housewives are much neater.

Miss Catherine Blane, 31 Moran Avenue, teacher: I would say if the work she is doing is truly something she is interested in and has a strong desire to do, as opposed to working at any job just in order to earn money, then I feel that person is more likely to be a much more interesting one and her enthusiasm for her job will tend to make her stay younger and more attractive than a housewife working at home.

Mrs. John Perna, 39 Humbert Street, housewife: I think working girls are better dressed and they take care of their appearance very well, but I wouldn't say they are more attractive. I think women who are married are happier.

Mrs. Max H. Mesner, 798 Princeton-Kingston Road, housewife: Yes, through sheer necessity and demand. The competition in jobs is such that if they did not keep themselves up, their employer would probably get someone who did.

James Stryker, 173 John Street, head waiter, Terrace Club: I think it depends on the position, whether she is a face worker, factory worker or housewife. I imagine in nine cases of out ten, a factory worker has to work a lot harder whereas as office work isn't as strenuous. The two naturally would dress differently. An office worker has to be well-dressed and neat, a factory worker and a housewife don't.

Elias Whitmoyer, Alexander Road, carpenter, Foreman: Working girls are, but just on the surface. The working girl has to put on a lot of lipstick and powder every morning. True beauty comes from within. I don't see where one is any younger or more attractive than the other. I think it would depend on the individual person.

Keep the Quarry Contained  
To the Editor of Town Topics:  
The note of alarm regarding the extension of quarrying as proposed by Kingston Trap Rock, an alarm sounded in your Mailbox, should arouse the State office which is entrusted with protecting open space for the future.  
The issue certainly is not local to Canal Road. Am I my brother's keeper? We had better be in this instance, or we may find that the opportunity for preserving locations for homesites and parks will be foreclosed.

Certainly Kingston Trap Rock is entitled to make money, but it is questionable whether an early permission, before zoning was established, allows it an unlimited extension of the area which it may dig up. That point might well be carried to the highest court in the State, but returning to the matter of public good-will, Trap Rock could find in the State various low-cost industrial areas where there are usable rock formations. Surely their early right to do business did not contemplate the right to destroy the really values of others; and the neglected requirement to fence the property should be immediately enforced.

Marvel Questions Sewer.  
To the Editor of Town Topics:  
Rarely does a new sewer present a high policy question? But the proposed Great Road sewer seems to me to be different.

The figure \$390,000 has been mentioned by the Township Committee as the estimated cost of this sewer. It has also been said that this project is receiving a high priority in 1962. What is the plan for financing the sewer?

Is this to be financed by a long term bond issue at full public expense, or as a local improvement subject to assessments against benefited property owners, or as a mixture of these two methods? If a mixture, what are the proportions of the mix?

In the light of other pressing needs, is not the investment of \$350,000 in one sewer extension putting things rather out of balance in favor of sewers? Is the Township Committee convinced that it has made adequate provision for such other needs as the acquisition of open space, the Township's share of a new library building, and recreational development?

When was the decision made that the Great Road sewer was to get the big push? For nearly a year the Township Committee has had estimates on three major sewer extensions, the Great Road being one. When I left the Township Committee at the end of 1961 there had been no decision and practically no discussion that I can recall as to the procedures and priorities for dealing with these three needed sewers. But during the reorganization meeting of the Committee in January 1962, it was announced that the Great Road sewer would have a high priority.

The project proposed for the northeastern end of the Township (Hillside Avenue and Route 206) is clearly the more urgent and the more justifiable. The sewer in that location and the project is estimated at a lower cost than the Great Road sewer would meet the most critical health problem in the Township that can be relieved through sewer extension.

It would service the commercial zone and part of the residential zone, thus helping to bring in more nonresidential tax revenues to keep our tax rate from soaring as it has just done this year. Finally, the sewer at the northeastern end of the Township would be a direct line to the treatment plant.

On the other hand, the Great Road sewer would feed into the existing trunk system that loops around the entire town of Princeton and would thus to some extent worsen a situation, where serious problems dramatized by the unfortunate overflows in the Prospect Avenue Extension area within recent weeks.

A public statement by the Township Committee answer-

ing these questions would, I am sure, help to satisfy what is now a very large curiosity on my part about this whole undertaking.

In Shoe Shop. The care, pride and skill that have, traditionally, characterized the work of European artisans, are evident in the cobbling, it that's the word we want, done by John, the shoe man who maintains his bench at 66 Waterspoon.

John Fraunhofer learned his craft in Austria and worked for many years as a custom shoe-maker in the Innsbruck ski country. When skiing began to boom in the United States, he followed the boom, but found in his disillusionment, that skiers preferred the mass-produced to the master-made.

So he came to Princeton and began to make boots and shoes, some of them for customers

who appreciated the best in shoe sure, help to satisfy what is now a very large curiosity on my part about this whole undertaking.

John was not of things for a long time while he recovered from the burns inflicted by a severe accident, but he is back again, with his awl and his needle and his fine leathers, as ready to make a pair of sandals, molded to your foot, as to repair your alizator bag—or put a new sole on a small shoe scuffed to bedrock.

TOWN TOPICS reaches every home in the Princeton area. By their own figure, no other Princeton newspaper does half as well.

**HITCH...**

Never before has so much engineering know-how been poured into a 6-hp tractor. Speed of attachment-change alone puts the Husky way out in front of its competition. Boilers engineers call the Husky's 3-point hitch (with spined power take-off) "the half-minute hitch"... and they're being conservative. Eleven Fast-Switch attachments mean year-round usefulness. Mow with the 22-inch rotary mower shown above. A 22-inch tiller attachment gives you easy, convenient tilling. The 32-inch Sno-Caster makes snow removal a pleasure... for light snow under the 42-inch grader blade. These and seven other attachments make the Husky 600 an all-season worker.

- PLUS:**
- All gear transmission with 6 speeds forward and 2 reverses
  - One-pedal clutch-and-brake action • 6-position attachment lift • 6-hp Briggs & Stratton engine

 The paper collections will be held the last Sunday of each month until further notice under the chairmanship of Robert Servis. Mr. Servis' committee has asked that papers be placed where they will be visible from the road.

**FASHION SHOW PLANNED**  
 By Rainbow Girls. The May Ellen Assembly 51, Order of the Rainbow for Girls, will present "Spring Splendor," a show of the spring fashions by Lillian Bellows, on Saturday, March 31, at the Princeton Shrine Club on River Road. Tickets at \$1 will be sold at the door.  
 Models will be the Misses Dorothy MacKenzie, Nancy Bollings, Carolyn Apple, Doris Lipkin, Marilyn Spencer, Joan Duthie, Sally Mark, Susan Newcomer, Linda Wentworth, Susan Male, Elaine and Linda Calcote, Sandy Marten, Barbara and Bonnie Libbey and Joan Hensler. Also Mrs. George Rollings, Jr., Mrs.

**BOYS ON THE BOUNCE:** Zoom! Just a small bounce and they go high in the sky. These are members of third and fourth grade Gr-Y Clubs at Princeton YMCA, who received instruction in "basic bounce" at introductory trampolining classes last Saturday. At left, John Martin, 9, 4 1/2's off, guided by instructor Alan Whitelock. Above, Mr. Whitelock shows Leonard Kingley, 9, the proper method of landing for a six-jump. Eight-week classes in beginning, intermediate and advanced trampolining will be offered in April. Registration information may be obtained at the YMCA.

Stanley Apple, Mrs. Otto Young, Mrs. Earl Snedeker and Master David Male.

**LEAGUE TO SHOW FILM**  
 On Children. The Princeton Childbirth Education League will show a film, "The Two-Year-Old Goes to the Hospital," at a public meeting on Tuesday at 8:30 p.m. in Trinity Church Parish Hall, Dr. Morris Farnet, Child Psychiatrist at the New Jersey Psychiatric Institute, will interpret the film, discuss further developments and answer questions.  
 The League feels that the film is "a must" for parents of young children who may want to prepare their children for unexpected trips to the hospital. The film shows the preparation of the child for an operation and her experiences in the hospital — play periods, visits from parents and release.

Mrs. Robert Parmenter will be the hostess, and a coffee hour will follow the meeting. Further information may be obtained by calling WA 4-2946.  
 Mrs. Richard Siegler, librarian, now has a copy of the proceedings of the 1960 conference International Childbirth Education Association. The League also has announced that it will sponsor a booth at the Princeton Hospital Fete in June, and that Mrs. Meredith Langberg and Henry Martin will be in charge.

**DERBY WINNERS**

**GOOD SCOUTS:** The 50th Anniversary of the national Girl Scout movement was celebrated with a dinner Monday night at the Methodist Church, and Scouts rummaged ahead of time in attics and long-abandoned clothes bags for the uniforms they had worn when Scouting was considerably less than 50 years old. Left to right: Mrs. Sanford Dietrich, in a uniform dating from 1924; Mrs. Dudley W. Clark, Jr., in a 1928 First Class Scout uniform; Mrs. W. B. Mather, in a 1934 uniform from Pekin, China; Mrs. Peter De Mauro, also class of 1934; Mrs. Jack Kiedel, in a 1936 Marine uniform and Mrs. Walter Gibson in a 1946 Sea Scout uniform. this year on the recommendation of either Princeton High School or Miss Fine's School. Special consideration will be given to applicants of high scholastic standing who plan to enter the fields of home economics, nursing or social service.

### SCOUTS CELEBRATE

It's 50 Years. Two members of Princeton's first Girl Scout

Troop, several leaders of early Troops and members of the first Princeton Council were present Monday at the 50th Anniversary dinner held by the Princeton Girl Scout Council in the Methodist Church. The two charter members are Mrs. Joseph Wood and Mrs. Erling Dorf and the early Troop leaders are Miss Dorothy Compton, Mrs. Robert Herling, Mrs. Samuel Shellabarger, Mrs. Landon Dennison and Mrs. Wilbert Shinn.

Members of the first Girl Scout Council, formed in 1935, are Mrs. Craig Wright, Mrs. Claudius Willis, Mrs. Gordon Sikes, Miss Marietta Atwood, Mrs. Frank Gorman, Mrs. Charles Long and Miss Compton.

Citations were presented, at the dinner to Mrs. Alan W. Carrick, George Warfield, J. A. Buckland and Mr. and Mrs. Edwin Bevensee, Jr. and a "Thanks" badge to Mrs. W. B. Mather.

### FIVE FINED

In Township Court, Roderick Farnell, 22 Leigh Avenue, and James A. Wilson, 35 Leigh Avenue, were fined \$70 and \$50 respectively by Magistrate James S. Hill in Township Court last week. Both pleaded guilty to the charge of disorderly conduct.

Charles E. Kinyon, 18, 66 Cuyler Road, paid \$40 and had his driver's license suspended for 30 days, after being found guilty of reckless driving. He had pleaded not guilty. Antonio Dangelio, 22, 178 Lindop Lane, was fined \$10 for an illegal turn, and Pearce M. Ryner, 17, 6 Gullick Road, was fined \$15 for obstructing traffic, in other court action.

### HAT SALE SET

By Ladies Auxiliary. A hat sale of the Ladies Auxiliary of the Kingston Volunteer Fire Company, No. 1, will be held Tuesday from 8 to 10 p.m. The affair will be in the Firehouse, on Heathcote Road.

Admission will be free, and all the hats will be sold for \$3.98. Mrs. Thea Stewart is chairman of the event. Refreshments are to be served.

### MURRAY HONORED

As Postmaster of Year, Postmaster Charles F. Murray was cited as "Postmaster of the Year 1962" by the Kiwanis Club International last week. A certificate of appreciation was presented to Mr. Murray by Morton A. Kline, president of the Princeton Kiwanis Club.

Mr. Murray spoke at the luncheon meeting on the subject of the Princeton Post Office over the past 40 years. The citation pointed out that Mr. Murray is in charge of a Post Office serving 34,000 people and with annual receipts of a million and a half dollars.

3 miles south of Princeton

**Town Topics of The Town**  
 Traffic problem at the town as well as the anticipated traffic flow leading into this area from the Delaware Expressway across the new bridge at Scudder's Falls. Belief was expressed that the projected interstate highway I-95 may be switched from the current tentative route through West Windsor Township to a line a few miles north of Princeton.

**PROGRESS REPORT**  
 On Route 206-A, a public hearing will be held this spring on the alignment of State Route 206-A, long-discussed by-pass which would lead from State Road 206 to US Route 1. Simultaneously with this announcement, however, came the declaration that "the by-pass has a low priority rating with the State Highway Department."

The statements were made at a meeting called by Princeton University to review the traffic problem confronting this section of central New Jersey. Held in the Woodrow Wilson School of Public and Administration Affairs, the self-constructed building with windows on one side because of heavy traffic on Washington Road—the meeting was attended by 93 municipal, county and university officials.

It was Mercer County Freeholder Arthur Sypek who revealed that a public hearing will be held within the next few weeks to discuss a more exact alignment for the proposed route than has heretofore appeared on the drawing boards of various planning agencies. But the degree of progress implied in this report was more than offset by a comment made moments later by Mercer County Engineer Louis Calvanelli.

"The proposed by-pass holds a very low priority on the future plans of the State Highway Department," Mr. Calvanelli said, "because the anticipated traffic flow on 206-A would be so low. He indicated that it would not daily carry more than 4000-5000 cars in the next decade, adding that the Department has much contemplated construction to relieve far heavier traffic flows."

William Flemer of Princeton Nurseries asserted that the section of South Brunswick Township through which the by-pass is tentatively planned to run "is growing so fast that if we don't get an alignment in the immediate future, it will never go where we hope it will." Broadly, 206-A is figured to cut off from 206 north of Bolmers' Corner and proceed northeast of Kingston to Route 1. There are variations, however, and no firm alignment has ever been set.

The meeting also considered the proposed "loop road" which would serve as a sort of circular freeway around the entire community to divert

with Princeton's 18th-century  
traditions.

**SAFETY AWARD GIVEN**  
To Rocky Hill Plant. The  
Certificate of Commendation  
of the National Safety Council  
has been presented to the  
Rocky Hill plant of the Hercules  
Powder Company. The  
plant received the award for  
an injury-free period from  
September 2, 1960, to December  
31, 1961, a total of 783,310  
man-hours.

Plant manager L. B. Johnson  
received news of the award  
in a congratulatory letter from  
Howard Pyle, president of the  
Council. The certificate is presented  
only where an establishment  
record satisfies rigid  
requirements laid down in the  
Council's Award Plan.

**SCHOOL TO OPEN**

In Hydronics. Courses in the  
basic theory and application of  
hydronics—the science of circulating  
water systems for heating and  
cooling—will be offered by American-Standard  
in its remodeled building in  
the rear of 30 Nassau Street  
between Chambers Street and  
John Street.

The curriculum will cover  
the basic theory and application  
of hydronics and has been carefully  
planned to meet the special  
needs of heating and cooling  
contractors, distributors and  
their salesmen, and personnel of  
American-Standard.

Originally a furniture storehouse,  
the building in which the  
courses will be conducted has  
been redesigned to hold two  
large classrooms, two demonstration  
laboratories and administrative  
offices.

The first course began on  
Monday and will last for ten  
weeks. It is for American-Standard  
sales trainees. Subsequent  
courses for distributors and  
contractors will begin later in  
the spring and will run on the  
average, for one week only.

## SPORTS In Princeton

**THE RIGHT CHOICE**  
In Naming Basketball Coach.  
One December day in 1953, a young basketball coach not ten years out of college brought his team to Dillon Gymnasium and watched it subdue a highly regarded Princeton quintet, 69-60. At the final buzzer, Bill van Breda Kolff of Hofstra gave a congratulatory handshake from Cappy Cappon, who had taught him much as a player during an abbreviated wartime career at Princeton.

Even though he had, at that time, been coaching for only four seasons at Lafayette and was in his first campaign at Hofstra, van Breda Kolff's team clearly showed the touch of the master coach ability to get the most out of his material. "Some day," the helier was voiced by close followers of the sport here, "he'll become Cappy's successor at Princeton."

More than a year ago, when Cap was recovering from his first heart attack, word came from Hofstra that it expected the capable 38-year old coach to be tapped for the post here. But Cappy recovered sufficiently to begin directing the team last November, and hopes were high that he would continue for a few more seasons, with van Breda Kolff waiting in the wings.

There was no doubt that Jake McCandless was purely an interim coach when he stepped in for Cappon at the latter's death three days before the season began. The conflict between football and basketball was extreme during November, and Jake is first and foremost a standout backfield coach.

Logical Choice. So the "search" for a successor to Cappon could begin long before the 1962 season ended, and while it is likely that as many as half a dozen names were in the hat, only one was seriously considered as long as he left himself in the running. Syracuse was among the colleges also on a talent hunt at the coaching level, and chances are all that it made a strong move in van Breda Kolff's direction.

At Hofstra, he had compiled a great record of 136 victories against 43 defeats, and in 1960 a 21 mark, earned his team the Eastern Conference Small College Trophy. When the Syracuse job was filled without mention of van Breda Kolff, it seemed certain he was coming here.

An alumnus of Montclair High and ILL, the Tigers' new coach entered Princeton in the war-clouded year of 1941. Three and a half years in the Marines preceded his appearance on the basketball scene. He explained the first post-war quietest here and also earned all-American honors in soccer.

Four years as a member of the New York Knickerbockers gave him invaluable playing experience, and after he earned his bachelor of arts degree from N.Y.U. while playing with the Knicks, he left them to begin coaching at Lafayette. There, too, he developed teams that were a credit to his ability—his last rolling to a 23-3 mark, a berth in the National Invitational Tournament and earning him the Coach of the Year award from New York basketball writers.

His appearance on the Princeton scene could hardly come at a time when basketball will be more in the spotlight. For his first three years in Dillon Gym, van Breda Kolff will coach the highly impressive Bill Bradley, whose freshman season here made considerable sports history.

The combination of the new coach, Bradley's potential and a captain of Art Holstad's all-around ability has the basketball faithful in a state of pleasant anticipation. The Cappon regime, marked as it was by far more than its share of Ivy titles based on ability to produce the most from avail-

able material, has a worthwhile successor.

### SPRING SPORTS REPORT

In a Ward: Bleak. John Conroy's tennis team, which rolled to a 15-0 record and the Eastern Association championship last season, figures to have the strength at the top and the depth to retain its supremacy among colleges north of the Mason-Dixon Line. Nowhere else, however, are Princeton chances bright—in fact, most other Tiger teams will have trouble topping the 500 mark. This seems particularly true in baseball, crew and lacrosse. The ball team lacks both pitchers and hitting strength, while Ferris Thompson, who has directed his teams to five straight lacrosse titles, is desperately searching for a goalie. Princeton crews have not won since the 1955 season's opening against Navy, but are likely to reverse the trend this spring with the addition of Rutgers to the schedule.

Harris Knell's golfers, who won all 12 matches last year and took the Eastern Intercollegiate with a great show of balance, have been hard hit by graduation. They will, however, in all probability lose the 500 mark with ease with Pete Morgan's track team also likely to win more than it loses.

Lacrosse game on Por Field Saturday at 2:30 will open the spring season, with the Philadelphia Phillies a Club providing the opposition. A week's stay in Winter Park, Fla., will prove helpful to the baseball team, as it faces Rollins, Duke and Amherst in a series of six games. The 1961 season will open officially at Clarke Field on April 4, with Seton Hall providing the opposition.

## Swimmers Win Title

Princeton's swim team, coached by Bob Clotworthy, staged a major upset at New Haven to win the championship from 19 other colleges in the Eastern Intercollegiate. Captaining four first places, the Tigers compiled 69 points to 40½ for Yale and 47 for Harvard.

Princeton triumphed in both the 100 and 200-yard backstroke as Jed Graef set an Eastern record of 2:00.9 in the latter event; the one-meter dive, taken by John Andrews; and the 400-yard medley relay, which went to the Garden City team. Dave Kennedy and Dick Williams in the record time of 3:14.4.

Earlier in the season, Princeton had lost dual meets to both Harvard and Yale by 15 to 20 points. However, the Tigers placed in nine of 16 events in the intercollegiate to show good balance and other colleges out into the freestyle strength which Princeton's Big Three rivals used to advantage in defeating it in dual competition.

## POSITIONS OPEN

On PHS Track Team. Like many a business firm across the nation, the Princeton High School track team is in need of manpower to fill various openings. Jerry Groninger, taking over the head coaching reins, has only five lettermen returning.

This experienced quintet is headed by co-captains, Goli and Tom Bogia. Gint, 217 pounds, and strong. Joe teamed up with Howard. Goli last year to give the Little Tigers a 1-2 sweep in the shot and the discus in virtually all of the teams' eight dual meets. Somewhat small for the sprinter, he is, Bogia gets surprising speed out of his muscular legs and was one of the Blue and White's leading point-getters in the 100 and 220. He'll compete in the same events again this year and possibly the broad jump.

Backing up Cox and Bogia are Gary Mount, Jack Kelley and John Bensinger. Mount will team up with Cox in the weight events. Kelley will compete in the javelin, and Bensinger in the 440.

Almost 100 candidates are out seeking starting positions.

## SANNINO CLINCHES TITLE

In Industrial League, Sannino A. C. captured first place honors in the YMCA Research and Industrial League for 1962 when it won its final game of the season by forfeit from winless Food Machinery and Chemical. With one week of play remaining, Sannino which had a bye the final night of play, ended with a fine 10-2 record.

Still to be settled are sec-

In the two games played last week, YMCA defeated RCA Astro, 64 to 41, and the Labs are currently tied for second with eight wins and three losses apiece.

Members of the victorious Sannino team include: Danny Sculerai, Ray Tomasi, Harry Kahny, Dave Britton, Robert Kehoe, Charles Shirley, Tom Perks, Jack O'Connell, Jack Petrone and Fred Marrone.

In hockey and basketball. Ten letters in hockey and nine in basketball were awarded this week to members of Princeton Country Day School winter sports teams.

The Blue and White skaters were unbeaten for the third time in the last four years, winning all nine of their games. Opponents defeated were junior teams from Lawrenceville, which lost all four games to PCD, Taft, Choate and Hill, as well as Walsallikon and Flomhampton.

## FROM U. S. TESTING COMPANY ON 1962

## CHEVROLET, FORD AND PLYMOUTH.

U. S. Testing Company recently tested the 1962 Chevrolet, Ford and Plymouth in 10 competitive events at the Riverside course in California. Here, for anyone who might buy a car soon, are official results of this "Showdown at Riverside."

Plymouth recently asked the U. S. Testing Company—an independent organization—to conduct a decathlon to measure the 1962 Chevrolet, Ford and Plymouth for all-around performance.

U. S. Testing Company bought the three test cars—Chevrolet Impala V-8, Ford Galaxie "500" V-8 and Plymouth Fury V-8, comparably equipped. They hired the professional drivers. They supplied all the officials. They made the rules. And they also enforced the rules.

You see the Official Results shown here in the box. Plymouth won eight events. Ford won one. And Chevrolet won one. Drive a 1962 Plymouth yourself. It's the Greatest Plymouth Ever Built.

Madden, scored 10 points to lead his teammates to a 17-12 victory over the Hightstown Gra-Y quintet. Madden then tallied nine points to pace his team to an 18-13 second round victory over Ewing Gra-Y. In the final contest, the Olympians were unable to cope with a faster moving offense of the Eldridge Park Gra-Y and went down to a 18-14 defeat.

In addition to Madden, members of the Olympians include Henry Lockart, Sherwood Owens, Mark Adams, Greg Bullock, Bruce Campbell, Bill Alston and David Bain.

**Dear TRAVELEX,**  
Just had a letter from my Cambridge, Mass. nephew. He was on a student cruise a couple of summers ago and had a TERRIFIC TIME!! He sailed on the Zuluikruis in June and returned in September having had a real hell all summer. The orientation program was very informative and the coeds were even more so. The Tigers on board gave a bit of trouble but there was plenty of fun and a most unflagged education, too.  
What a life! Woooooeeee!!  
OP! Dick's off to Europe again this week. BUT! When he gets back here it will be that DO-IT-YOURSELF program to get organized. Like to be a travel agent? Well, nebbe just go your own? Ask the boys. More about this later.

Best regards,  
Nancy

vied by three sons, Donald F. and Charles V. Princeton and Joseph B. of Ajo, Ariz.; two sisters, Miss Mary E. of Princeton and Sister Aloysius Jose of All Souls Hospital, Morristown; and three grandchildren.  
The service will be held Friday at 8:30 a.m. at the Kimble Funeral Home, which will require high mass at 9:30 a.m. in St. Paul's Catholic Church and burial in the parish cemetery.

Mrs. Edna R. Dohrn, 49, of 3229 Kingston Road, died March 14 in Princeton Hospital.  
A life-long Princetonian, she was employed by Princeton University as a secretary. She was a member of the Kingston Presbyterian Church and the auxiliary of the New Jersey Society of Professional Engineers.

Daughter of the late James and Bertha Whyte Rowand, she is survived by her husband, Hans Dohrn. The service was held at the Mather Funeral Home, with burial in Princeton Cemetery.

Mary Ann Cenerino, 14, of 492 North Harrison Street, died March 16 in Princeton Hospital. She was the daughter of Mr. and Mrs. Angelo Cenerino.

Other survivors include two sisters, Angela and Bernadette; a brother, Angelo Jr.; and her grandmothers, Mr. Angelo Cenerino and Mrs. Mary Camasso, all of Princeton. Angel mass was celebrated in St. Paul's church, with burial in the parish cemetery under direction of the Kimble Funeral Home.

Mrs. Ella M. Johnson, 77, died March 17 in St. Francis Hospital, Trenton. Widow of Burton G. Johnson, she was born in Princeton and lived here for most of her life before moving to Trenton 20 years ago.

Survivors include a son, John J., with whom she had lived in Trenton; another son, Boyd R., also of Trenton; two daughters, Mrs. Robert T. Bell of Princeton Junction, and Mrs. Iman C. Bonner of Wilmington, Del.; a sister, Mrs. Frederick Dufield of Hartford, Conn.; seven grandchildren; and two great-grandchildren.

The service was held at a Trenton funeral home, with burial in Highland Cemetery, Hopewell.

Mrs. Mary Ann Mathews Sharp, 86, died March 18 at the home of her niece, Mrs. Russell Drake, 17 Lafayette Street, Hopewell, with whom she lived.

**The miracle on the River Kwai**  
by Ernest Gordon  
Dean of the Dept. of Princeton University  
A survivor of the P.O.W. death camp by the River Kwai tells the incredible story of how one of a handful of survivors demonstrated Christian faith that transformed the enemy. Illustrated with sketches and maps made inside the camp. \$3.95

Other survivors are two sons, Miss Sarah Cavanagh of Hopewell and Mrs. Jeanette Seals of Toms River, as well as a daughter, Mrs. Mary E. of Princeton. The service was held at a Hopewell funeral home, with burial in the Calvary Baptist Church, officiating. Burial was in Highland Cemetery.

Mrs. Grace A. Hoyt, 86, of 435 Burdett Street, Pennington, died March 17. Born in Castle, N. Y., she had lived in Pennington since 1915.

Widow of George B. Hoyt, she is survived by a son, Stuart M. Hoyt; a daughter, Mrs. Herbert H. Van Dyke; and six grandchildren. The service was held at a Pennington funeral home, with burial at the convenience of the family.

Clifford F. Peinelt, 76, of 8 Gordon Avenue, Lawrenceville, died March 17 in St. Francis Hospital, Trenton. An engineer for the Lawrenceville School, he was a former chief of the Lawrenceville Fire Department.

Survivors are his wife, Mrs. Emma J. Peinelt; a daughter, Mrs. Leon B. Stant; a son, John C. S. Peinelt; a sister, Mrs. Frank Baldwin; three grandchildren; and nine great-grandchildren.

The service was held at a Pennington funeral home, with burial in the Calvary Baptist Church, officiating. Burial was in Lawrenceville Cemetery.

Mrs. Mary Bechtold Gray, 74, of 102 W. Broad Street, Hopewell, died March 17 in Princeton Hospital.  
Born in Blackwell's Mills, she had lived in Hopewell most of her life. Mrs. Gray was a member of the Calvary Baptist Church and the Comrade Class of the church Sunday school.

Survivors include a son, John J. Gray, Jr.; Hopewell; two brothers, John Bechtold of Long Island and Edward Bechtold of Princeton; three sisters, Mrs. J. A. Vandermark of Hopewell; Mrs. Iman C. Bonner of Wilmington, Del.; a sister, Mrs. Frederick Dufield of Hartford, Conn.; seven grandchildren; and two great-grandchildren.

The service was held at a Hopewell funeral home, with burial in the Calvary Baptist Church, officiating. Burial was in Highland Cemetery.

**11:00 A.M. Sat., — March 31st 11:00 A.M.**

**FARM MACHINERY & EQUIPMENT:** Tractor (John Deere) Model 620 Combine (McCormick-Deering) 6', Steel Fence Posts, 25 Steel Drums, Four Row Cultivator, Two Row Cultivator, Fertilizer Spreader, Potato Grader, 28 Stanchions, Tractor (John Deere) 80, 8 Grain Drill, Drag Harrow, 2 Wagons on Rubber, 18 Buss Fertilizer, One 5 Bottom Plow (John Deere) 16", One Disk Double (John Deere) 12" with Hydraulic Lift, Potato Planter, Motors, Pumps, Tank 1000 gal. capacity, Ropes, Chains, Ladders, Approx. 100 Rubber Tires, Tomato Baskets and Bushels, 3 Autos—Chrysler 49, Buick 51, Plymouth 49, Hand and Garden Tools and Misc. Items. Practically all the Farm Machinery is John Deere and is in excellent condition. Tractors used for small truck farming and have never had any heavy operations.

**REAL ESTATE:** 118 Acres with approximately 1900 feet of Highway frontage. 30 Acres on one side of road and 88 acres on the other side. A sode of woodland. Approx. 80 acres under cultivation. 8 room house with automatic oil heat and 2 baths, large two story frame barn and outbuildings. Real estate will be offered at 12:30 P.M. and the highest bidder shall be required to pay a deposit of \$20,000 (cash or certified check) and sign usual real estate purchase agreement. Possession upon conveyance of title. Title to be conveyed will be that of a Warranty deed. This farm will be 20 miles from outer edge of contemplated jet from Burlington County. Most choice location. Inspect this farm before sale date. You will find it large enough for profit, small enough for part time farming. Avoid wishing you'd bought this farm by owning it as it is subject to prior sale. Farmers are the "backbone of the nation"; stiffen yours.

with different hand carved mantels,  
2 1/2 hand braved woodwork  
throughout. Brick construction and  
overlooked there a brook. Best of all  
if you're interested in an investment  
there are 25 acres plus  
subdivisions and a tenant house  
all for the unbelievable price of  
\$70,000. Located 15 miles from
